 Subject: Swiss gov letter: No Snowden asylum, he's a CIA fraud
 To: info[at]pandodaily.com

Here is the letter at the Swiss government agencies which terminated the plan to re-locate Snowden into Switzerland, with a link to the larger intelligence agency dossier at EU governments on how the US agencies have run this hoax.

Fine to publish the letter with my e-mail address as well, just please not the phone number

Cheers

His Excellency Bénédict de Cerjat, Embassy of the Swiss Confederation to the Kingdom of Belgium Mr Roberto Balzaretti, Chief of Mission of the Swiss Confederation to the European Union Schweizer Nachrichtendienst des Bundes - Service de renseignement de la Confédération Suisse Schweizer Bundesamt für Polizei - Office fédéral de la police suisse

Re: Intelligence dossier on active CIA agent & fraud 'Edward Snowden', **threats to Switzerland**

Your Excellency, Chief of Mission, and Swiss Confederation Intel & Police Authorities,

Since the previous year - in case you did not know - the **governments and intelligence agencies** of Germany, France, the United Kingdom, Russia, and Belgium, **have all known** that the man in Russia **'Edward Snowden' publicly requesting Swiss asylum, is a liar and fraud, an active CIA agent** hoaxing and defrauding European citizens, a man who may have already helped murder innocent people via the CIA 'Operation Fake Dissident Snowden'.

There is a **substantial intelligence agency file on 'Snowden'** in the possession of the above countries, describing in detail the comprehensive CIA connections and evil purposes of this grand hoax, by which the US regime is attempting to humiliate Switzerland, the USA not being content with the billions already extorted from Swiss banks and institutions by the corrupt USA judicial apparatus. The 'Snowden' intel file is attached in e-mails to you, and can also be viewed online here:

Report to FSB SVR 'Snowden, Greenwald are CIA frauds'

<http://homment.com/3K3xdsYD7a>

The Swiss Federal Intelligence Service will understand this report quickly, if not holding it already, and may find amusement confronting Mr Snowden himself, his lying **CIA-backed 'Snowden' journalists**, and the CIA and US regime over this 'Snowden' fraud, which was clear from the beginning, when Snowden was promoted by the same CIA media, Guardian & NY Times - who have criminal charge complaints registered against them in Europe for spreading criminal lies about a genuine exiled USA dissident. No real victim receives 'Snowden'-type promotion by CIA media. And Snowden proved himself to be a fraud via his own words, not even interested in the corruption of the US judges who would put him on trial.

Everyone around Snowden is CIA - his lawyers, his journalists, etc. 'Operation Snowden' is a CIA 'limited hang-out', i.e., speaking some truths, to sell lies that defraud and murder. Among the purposes of **'Snowden' - who never 'stole' any documents** - is to increase the sense of **terrorism and blackmail** among governments; to promote CIA-tied media, their lies and frauds; and very likely to entrap genuine USA dissidents, who may have already been silenced or killed after contacting 'Team Snowden'.

The fraud 'Snowden' is now a subject for quiet USA-Russia negotiation. The **USA would like to move this liar Snowden to Switzerland**, where he can meet more easily with CIA colleagues and continue his criminal activity ... the US prefers this option to bringing Snowden back to the USA for a fake 'trial' and an fake staged 'imprisonment' of a few years while Snowden would be hidden at a CIA site.

Edward Snowden has no hesitation about fraud, murder, deception, or even the violation of children. He has perhaps **already defrauded Swiss citizens** into donating 'Snowden defence' funds to what is already known in several nations as a proven CIA programme. The good Swiss citizens deserve your protection from 'Operation Fake Dissident Snowden'; the file above will lead you to all that you need.

Very sincerely yours,

Dr Les (Leszek - Leslie) Sachs, contributor to 'Snowden CIA fraud' report, Harvard classmate of top US leaders, expert on USA judicial corruption and media control crimes, reporting to & informing EU governments; and genuine targeted political victim of the USA
